Q 1 Read the following passage carefully and answer the questions that follow

8 Marks

Getting a good nights sleep can help cope with stress more effectively . Not getting enough sleep can cause more stress .Doctors believe that if we have a sound sleep it helps our nervous system function properly. During sleep , cells manufacture more proteins , which are essential for cell growth and repair of damage from problems like stress and harmful rays .

Sleep may also help our brain to store things we have learnt .On the other hand lack of sleep can be alarming .Lack of sleep results in poor health, pain in body parts and depression. Due to lack of sleep one may be finding it difficult to accomplish daily tasks .Even temporary loss of sleep can have a bad effect on our daily routine .We must do regular exercise to promote good health
